

SOUTHWINDS SUMMER MISSIONS OPPORTUNITIES

Thank for your interest in our summer missions trips. This year we are trying something new. We are staying in California. There were many reasons, one was something one of our youth said to me once at camp. She said "my mission field is in my own back yard, it's in my high school, I don't have to travel out of the country to do missions"

So, we will be serving two churches that are in need and have been praying for hearts to be open to their need. One of them lost their Pastor and the other is small and can't do the outreach they feel they are called to do.

This is what our time will look like on each of these trips.

1. **JUNE 24 - 27 (320 miles) Yreka Southern Baptist Church Yreka, CA**
because this is approximately a 5 hour drive we will head up on Thursday and be ready to start on Friday. Projects include painting the exterior of one house and the interior of another house. Painting at the community food bank, yard makeovers Possible outreach Friday evening at a city wide Concert in the Park. VBS ~
2. **July 5 - 10 (307 miles) Valley Baptist church McArthur Ca.**
Because the 4th is a holiday we are not leaving a day ahead for this trip. VBS all week. Projects around the town. The VBS Theme is *Saddle Ridge Ranch (sound familiar)*
3. **August 5 -8 (320 miles) Yreka Southern Baptist Church Yreka, CA**
because this is approximately a 5 hour drive we will head up on Thursday and be ready to start on Friday. Projects include painting one exterior house and one interior of another house. Painting at the community food bank, yard makeovers Possible outreach Friday evening at a city wide Concert in the Park. VBS ~
4. **COST ~** The only cost for all of these trips is our gas to and from the locations and a meal on the road.

We will allow approximately 12 on each of the weekend trips. The weeklong trip we can bring 20. All three trips will be limited by the number of adult drivers we have.
